NATIONAL LEVEL FACULTY DEVELOPMENT PROGRAM ON ARTIFICIAL INTELLIGENCE

(In association with AICTE and Brain O Vision)

FDP on AI Tools, designed for Faculty, academicians and researchers in association with AICTE. This workshop aims to empower participants with essential AI tools that will significantly enhance their productivity and research effectiveness.

About the Program:

The Faculty Development Program (FDP) focuses on introducing various AI tools that can streamline academic work, automate time-consuming tasks, and boost research productivity. By leveraging AI, educators and researchers can enhance their efficiency, creativity, and impact.

Key Highlights:

- Dates: February 17th – 21st, 2025
Time: 7pm to 8pm
- Cost: Only ₹1/- (Exclusive Offer for Registrations)
- Platform: Online sessions with hands-on demonstrations

Topics Covered:

- Introduction to AI Tools and Their Role in Academia
- Automating Research Work Using AI
- AI for Data Analysis, Content Generation, and Presentation
- Enhancing Productivity with AI-based Applications

Who Can Attend?

This program is ideal for:

- Faculty and Academicians looking to improve their research process
- Faculty members interested in AI-powered educational tools
- Researchers seeking efficient ways to manage their workload
